

ALL INDIA BANK OFFICERS' ASSOCIATION

Central Office : "A.K.NAYAK BHAVAN", 2ND FLOOR,
14, Second Line Beach, Chennai - 600 001.

AN APPEAL

The Working class to which all of us belong has not only a historic significance of working for liberation of masses and their countries, it has also a classic distinction of selfless contributions to the society raising above exploitative society to reach out to suffering millions of country men in different parts of the world.

It is this working class that has grown beyond its normal pursuits to lay the golden path for the entire humanity through helping other sections of society to improve their lives and standards. It is impossible and illogical for a workman to be ostracized into the small world of self and family without stepping in the World of Humanity to enhance the power and prestige of working class to reshape the world of equalitarian society and to put an end to exploitation of every kind.

The Silver Jubilee conference of AIBOA in New Delhi in 2006 took the momentous decision, looking to the fact that in India nearly 95% of the working class belong to unorganized sector, and called upon Bank officers to grow beyond their domains and normal pursuits to lend a helping hand to reach out the poorest of poor in the Unorganized sector.

As a result of our conference resolve we have formed a Trust under the name of "**AIBOA TRUST FOR UNORGANISED SECTOR RELIEF**" and the Trust has already vested Rs.4 lacs as deposit with the Govt., to establish an Industrial Training Centre to train Unorganized Sector workers in skills updation to enable them to get a better livelihood and ultimately give the end user the customer better delivery standards.

The conference has called upon officers to contribute One-day wage to make funding the

unorganized sector. Such remittance should come through Cheque/DD favouring "**AIBOA Trust for Unorganized Sector Relief**" drawn on **Chennai**. The donations are exempt from IT 80[G] and we shall send the receipt upon receipt of donations.

AIBOA has formulated scheme to expand our help to unorganized sector since we know that neither the Govt., or NGOs etc., can not alone cater to this massive task. Ours may not also be a big participation to ameliorate the moves of Unorganized Sector. But it certainly awakens the society and those who can afford to turn to the side of these millions and crores of unorganized sector workers.

AIBOA is proud of our role as a true TU organization to support our brothers and sisters in the unorganized sector. "**A tear wiped out from the eye of Indian worker**" is a priceless gift to all of us, giving job satisfaction, content and due depiction of role play to the needy sections of our society.

Therefore we call upon all our members and well-wishers to come forward wholeheartedly and make the contribution of one day wage for this noble cause immediately. You are going to be part of the noble company that cares for a better India for all.

Act fast - Act today

With Greetings,

/R.J.SRIDHARAN/
GENERAL SECRETARY
